

Features

MIMALITE™ Oriented Wrapping Film is the ideal solution for ensuring stability of palletized and unitized loads and facilitating safer loading, transportation and unloading.

- **User friendly** - Light rolls accentuate the work security and improve the packaging
- **Reliable** - Secure and controlled wrapping decreases the risk of accidents and damage, not only to the load itself, but also to the people and equipment involved in the supply chain
- **Safe and Protective** - 100% slip on the outside surface facilitates the process of loading and unloading the pallets
- **Environment friendly** - MIMALITE™ is 100% recyclable. Packaging waste can be reduced up to 60%
- **Consistency** - Regardless of the operator or the wrapping machine, this concept guarantees a constant wrapping quality and cost-optimized pallet security
- **Less Inventory** - The extensive roll length reduces the stock surface need
- **Cost effective** - The innovative wrapping reduces quantity of wrap required; a significant reduction in the wrapping cost

MIMALITE™ is very easy to apply on the load.

MIMALITE™ is the most economical packaging material for wrapping individual cartons.

MIMALITE™ wrapping is the best method to stabilize mixed load pallet.

MIMALITE™ with Girotec machine is highly suitable for scattered packaging.

MIMALITE™ gives perfect protection for palletized load.

MIMALITE™ provides a tight export-worthy pack.

Benefits

- Highest retention and restoring force ensure better load protection in transit
- Reduction in film weight can exceed 70%
- Reinforced roll edges for a better function, highest tear resistance up to the last meter
- Lesser labour fatigue as No stretching required during film application
- Available in both hand and machine application

Product Specifications

Product Code	Length	Width	Roll Weight	Film Weight	Core Dia.
Mimalite Oriented Hand Film	500	430	2.01 kg	1.88 kg	50 mm
Mimalite Oriented Machine Film	2000	430	7.66 kg	7.40 kg	75 mm
