

Affordable, Rugged and Easy to Use

BPA211 Compact Scale

Easy to Read

The BPA211 features a large, 40 mm high contrast backlight LCD display providing excellent readability under any light condition.

Robust and Reliable

The Powder coated steel frame and robust plastic terminal is highly rugged and a good choice for any dry application where reliable weighing is crucial.

Speed up Your Process

With a fast stabilization time, less than a second, the BPA211 will help to increase your throughput and productivity.

Built to Weigh & Last

The BPA211 compact basic weighing scale combines cost effectiveness with the well-known METTLER TOLEDO reliability. It provides accurate and fast weighing results at a good price/performance ratio.

It is easy to operate over its 4 keys (Zero, Tare, Functions, On/Off). The simple and convenient menu configuration requires minimal operator training to improve production efficiency.

Optimally placed and specifically adjusted overload stoppers grant excellent protection against load-cell damage. The easily adjustable feet allow for reliable and precise scale leveling for accurate results at any time.

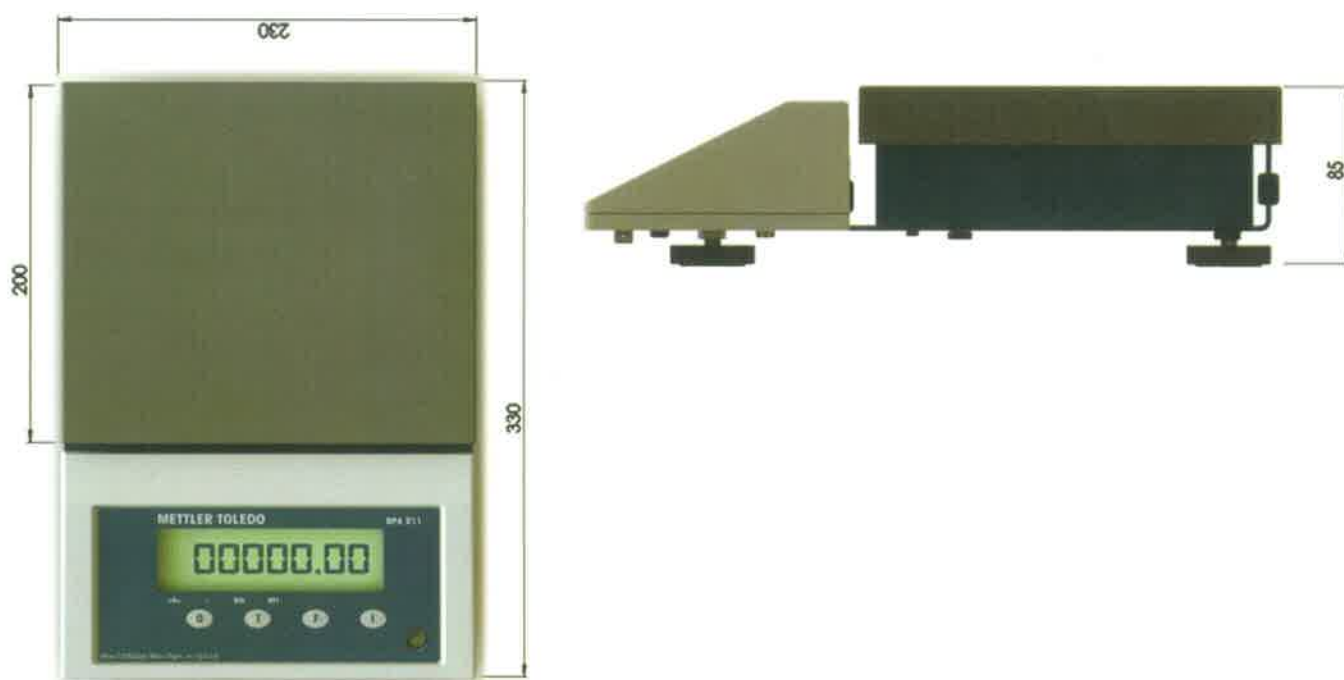

METTLER TOLEDO

Technical specifications

Display	6-digit, 7-segment LCD display with white backlight. Height : 40mm, Stabilization time <1 sec.
Resolution	15'000d
Power Supply	20 VAC, 50/60 Hz
Material of construction	Terminal Housing : ABS (Plastic) Platform Frame : Powder coated Carbon steel Load Plate : Stainless steel
Ingress Protection	IP54 (In process)
Data Interface	RS232 (Optional)
Update Rate	10 values per second
Temperature Range	Operating : -10°C to +40°C Storage : -20°C to +60°C
Dimensions	Overall (WxHxD): 330 x 230 x 77mm Platter : 230 x 200 mm
Applications	Simple Weighing

Standard configurations

Model	BPA211-3(II)	BPA211-3(III)	BPA211-6(II)	BPA211-6(III)	BPA211-10(III)	BPA211-15(II)	BPA211-15(III)
Capacity	3 kg	3 kg	6 kg	6 kg	10 kg	15 kg	15 kg
Readabilities	0.2 g	0.5 g	0.5 g	1 g	1 g	1 g	2 g
