

Topax 56

ACID FOAM CLEANER

PRODUCT DESCRIPTION

Topax 56 is a multi-purpose, high foaming acidic detergent to remove food, beverage and inorganic soils from processing equipment. Topax 56 is an excellent scale remover and is inhibited to retard attack on tin plating, aluminum and copper and its alloys.

BENEFITS

Provides rapid, effective cleaning

- Removes oil, fat and proteinaceous soils.
- Excellent scale remover.

Thick stable foam remains active under a variety of conditions

- Foam clings to vertical surfaces longer, providing more effective cleaning.
- Stable foam can be produced in solutions up to 56°C.

Saves time, labor, water and money

- Requires minimal scrubbing.
- Rinses quickly and completely.
- Extends equipment life and improves overall plant hygiene.
- Compatible for use on soft metals when used as directed.

Environmentally responsible

- Organic components are biodegradable.

Topax 56

PROPERTIES

Form :	liquid
Color :	brown
Foaming ability :	very high
Specific gravity :	1.210 -1.250@30°C
pH (1.0% solution) :	1.90 -2.10
Wetting ability :	excellent

DIRECTIONS FOR USE

Material Compatibility

Topax 56 is safe on all acid resistant materials such as stainless steel, ceramic and most plastic surfaces. Topax 56 is inhibited to reduce acidic attack on tin plating, aluminum and copper and its alloys.

Topax 56 foam solutions applied to mild steel or galvanized surfaces may cause some attack on these materials. Test small area before using the first time.

Rinse surface to be cleaned with warm(40-60°C)water. Foam with a 2-5% w/v solution of Topax 56; allow 10-15 minutes contact time. Rinse thoroughly with warm water.

Consult your Food & Beverage Representative for specific use instructions and recommended dispensing equipment.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.
